

Progressus Software Project Reporting, Analytics & Forecasting

KPI	Progressus provides automatic access to project factors, where it is possible to see client rate, invoice rate, earning rate and efficiency rate per resource.
Dashboard	Multiple windows can be opened at the same time making it easier to view data for several projects in one main window. Multiple projects can be viewed in one window so each project does not have to be opened separately.
Extensive Data Views	View project data in a project summary, drilling down to view underlying information and get specific details about project transactions.
Easily Understandable Information	Enable project managers to analyze information more effectively by presenting project and task data in familiar profit and loss (P&L) formats.
Income Analysis	Using income analysis you can create forecasts of your cash flow, pipeline, turnover, expenses, etc.
	Income analysis can be done across projects so data can be used for statistics or overviews.
